# Horizontal Water Heater 70 Liters, 2 kW, enamelled water tank, connections on the left

**Technologies:**

With its compact size, this water heater fits perfectly even in limited spaces.

• ENERGY-SAVING - Dense 33 mm freon-free HFO polyurethane insulation ensures extremely low heat losses and saves costs;
• LONG LIFE - Water tank coated with wear-resistant zirconium enamel and two magnesium protectors for optimal corrosion protection of the entire volume;
• SAFE - Unique six-stage protection;
• Optimal Water Mixing - The diametrically positioned pipes ensure uniform diffusion between hot and cold water with each use;
• External Thermostat - Allows temperature setting for water heating;
• Precise Capillary Thermo-switch;
• Combined Metal Valve - Combines the functions of balance, non-return, and differential valve;

• Special Elliptical Flange - With a unique construction to protect against overpressure incidents;
• Electric Tubular Heater - Designed and manufactured by ELDOMINVEST with the latest technology;
• Illuminated Moisture-Proof Switch.

|---|---|
| Installation: | **Horizontal** |
| Capacity range: | **70** |
| Water tank: | **Enameled** |
| Nominal power (kW): | **3** |
| Energy efficiency class: | **C** |
| Control: | **mechanical control** |
| Type of electric heating element: | **Immersion heating element** |
| Weight [kg]: | **27** |
| Dimensions ØxH [mm]: | |
| Voltage [V]: | **230 V~** |
| Nominal pressure [MPa]: | **0.8** |
| IP protection: | **IP24** |
| Nominal volume [l]: | |
