

Series:

Beta

Technologies:

IP24

- Water stream flow controller - controls water stream intensity;
- Against electrical injuries;
- Protection from exceeding the water temperature set;
- Protection in case of pressure fall in water-main - heaters are not activated;
- Protection from pressure exceeding, by means of a mounted special diaphragm valve;
- Convenient winch with disperser;

- Illuminated switch;
- Elegant design;
- Easy installation - the device is fully equipped and no additional accessories or installation elements are needed.

Installation:	for sink
Energy efficiency class:	A
Nominal power (kW):	6,5
Voltage [V]:	230 V~
Nominal pressure [MPa]:	0
Height x Width x Depth [mm]:	298 x 195 x 134
IP protection:	IP24
Annual electricity consumption [kWh/annum]:	468
Load profile:	XS
